SHOWER WALL & ACCESSORY COLLECTION

THE BOLD LOOK
OF **KOHLER**®

The Shower Dance

It begins with a shower. Maybe it's cluttered. Unorganized. Imperfect. But we make do. Day in, day out, we clumsily navigate around the hanging hazard that is a shower caddy, we contort our bodies to accommodate an unforgiving space when we shave, we cover our floors and ledges with shampoo and conditioner bottles. Why? Because it's the way we've always showered. Your shower dance, the way you move and flow in your daily shower ritual, can be so much better.

Introducing the Choreograph shower wall and accessory collection. Choreograph brings functionality and organization to an otherwise chaotic space. Every detail has been considered, from the shower walls in a range of colors, patterns and textures that can be customized to match your style, to the innovative storage solutions that will keep any shower organized, to a convenient seat that makes showering more comfortable. This collection presents possibilities that weren't possible before — a shower you can choreograph to your movements in a shower dance all your own.

Sophisticated yet simple

The Choreograph™ shower wall and accessory collection embodies practical elegance with its beautifully understated designs and smart functionality.

CLASSIC COLORS™

As color samples are affected by age, light, heat, and mechanical finish, and mechanical finishing processes, this sample may vary slightly in color or in finish from the actual paint.

DESIGN TIP

Make your shower the focal point of your bathroom by pairing a patterned wall with a solid color. Pull in a lighter color from the pattern for the perfect match.

The stylish walls, clever accessories and convenient storage options of the Choreograph collection bring smart sophistication to any showering space.

Choreograph at a glance

The Choreograph shower wall and accessory collection is a comprehensive shower system that allows you to create a shower designed around your individual needs.

The shower walls come in a range of colors, patterns and textures to match your style. The walls were designed for easy installation. They fit standard showers, and they can easily accommodate custom spaces. Choreograph walls are manufactured from Serica™, a proprietary composite material, designed to be durable with a matte finish that suits any decor.

The accessories of the collection were designed to be placed anywhere in the shower to better help you personalize and organize your space. With Choreograph, there is a place for everything and everything has a place.

In the Choreograph collection, both the walls and accessories can work separately, but they are designed to work together for a complete showering experience.

Glossary of terms

Accent Panel

An accent panel is a 60" x 28" panel intended to provide customized configurations and design flexibility when paired with wall panels.

Wall Kit

A wall kit includes three walls, one back wall and two end walls, of the same design and color. The wall kit also includes two corner joints of the same color as the walls.

Natural Pattern Variation

The unique and intricate patterns of real stone inspired our natural patterns (VeinCut and CrossCut); therefore, variations in these patterns are normal.

Wall Panel

A wall panel is a single wall that comes in five widths (32", 36", 42", 48" and 60") and two heights (72" and 96"). Wall panels also come with factory-molded edges on all four sides and are field-trimmable.

Serica™ Material

Serica is Kohler's proprietary composite material, engineered to the highest standards of performance for long-lasting beauty. Using more than 30 years of compression molding experience, Kohler has reinvented the process of making composite material with its launch of Serica. It precisely combines the optimal amount of crushed stone with fiber strand reinforcement, under extreme pressure, to create unparalleled durability and aesthetic beauty. Serica material provides enduring strength and timeless design aesthetics for the showering environment.
