(CP)

For a full selection of showerheads and handshowers, please ask your local Kohler reseller or go online.

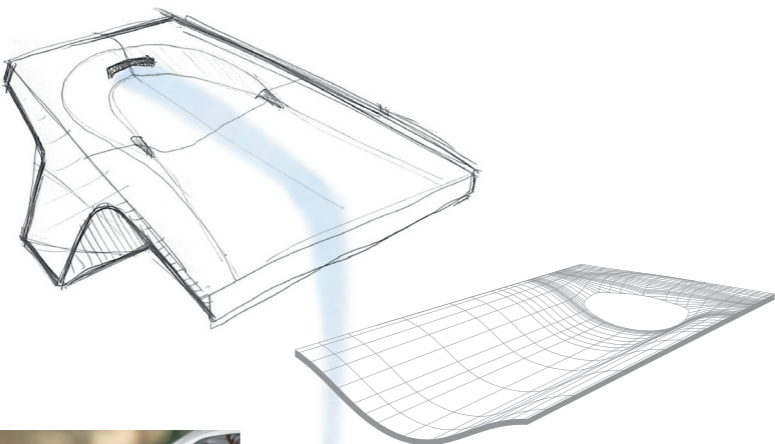

KOHLER®

The Nature of Tranquility.

The Beitou™ faucet collection from Kohler strikes a balance between architectural forms and the stunning displays of nature. The result is a peaceful interplay of invention and appeal that speaks to quiet moments of sanctuary.

The perfected curvature of the surface allows the water to run straight.

Inspiration

The calming movement of water lies at the heart of the Beitou™ faucet. The effortless flow of the design mimics the natural cascade of the water over the length of the spout and into the sink. Seen in this light, the faucet becomes a stage for water delivery whose shape and sound resembles a serene river.

Motion of Water

The Beitou™ Wall-Mount Showerhead includes three water experiences: Cascade, Rain and Laminar. All three experiences feature a choice of Warm White, Pale Orange or Blue Sky LED lights, which are activated by the movement of water. Trim options allow for additional components, including WaterTile™, body sprays, handshowers and more, while maintaining a coordinated look and feel.

LED Light Options
Warm White (Standard)
Pale Orange (Customized)
Blue Sky (Customized)
