Acrylic and Enameled Cast Iron Baths

THE BOLD LOOK
OF **KOHLER**®

As the place for restful relaxation or rejuvenating your mind and body, the bath should be properly outfitted. Whether you're designing a new master suite or remodeling a basic bathroom, we have inspired ideas and solutions. From acrylic to enameled cast iron, small to large, traditional to modern, our innovative bathing and hydrotherapy options elevate a routine task to a pleasurable experience.

Hydrotherapy Options

Our four hydrotherapies harness water's natural ability to enhance well-being and give you the benefits of a spa treatment in the comfort of your home, so you feel centered and energized – your best self.

VibrAcoustic.

Water is infused with sound vibrations that resound throughout your core, delivering unprecedented total body relaxation. Choose from preprogrammed rhythms or use your own music selection. With no ports or jets, VibrAcoustic baths are easy to clean.

Effervescence

Thousands of tiny champagne-like bubbles travel slowly along the body, retaining their temperature and creating a warm embrace and a serene experience.

BubbleMassage™

Bubbles deliver a blissful, invigorating full-body massage that helps center the mind and stimulate the release of muscle tension. Easily control the intensity and use the automatic purge feature for easy cleaning.

Whirlpool

Delivers a targeted, powerful hydro-massage and consistent water temperature to help release tension and soothe sore muscles.

Combination Hydrotherapies

Select baths offer three combination hydrotherapies: Whirlpool + Effervescence, VibrAcoustic + BubbleMassage and Whirlpool + BubbleMassage. The hydrotherapy experiences are operated from separate keypads, so you can control each one independently.
