## WELCOME TO THE FIRST STEP OF REALIZING YOUR VISION.

---

Every day, Kohler associates world-wide dedicate themselves to helping bring big dreams to life. Inspired and assured by a portfolio of proven, forward-thinking design, our global team shares a passion for helping partners like you to artfully appoint products to projects all over the world. In turn, those projects are transformed into experiences that can be neither duplicated nor forgotten.

Discover the capabilities of Kohler  
Global Projects & Specifications.

KOHLER IN NUMBERS

1

VILLAGE OF KOHLER

It's a quaint garden community that may be hard to find on a map. But the company that bears its name can't be overlooked anywhere on the globe. For over a century, The Village of Kohler in Wisconsin has been the headquarters for a company that serves on six continents worldwide.

4

GENERATIONS

Kohler is more than a company name or a brand of products. It's a lineage and a legacy—a family tree with roots that run four generations deep. From the original vision of John Michael Kohler, to David Kohler launching tomorrow's next suite of products, Kohler remains a family tradition.

AFRICA  
ASIA  
AUSTRALIA  
EUROPE  
NORTH AMERICA  
SOUTH AMERICA

6

CONTINENTS

The spirit of Kohler is one of growth, discovery and exploration. While our headquarters is based in North America, our creativity and desire to serve the customer cannot be contained to one continent. We continue to grow not just by creating new product lines, but by serving new cultures and new communities with a single level of quality.

30,000+

ASSOCIATES

Every day, forward thinkers from all corners of the globe connect to collaborate, to make their mark and to make their work matter. Over 30,000 passionate associates connect with consumers and then work together worldwide to dare, dream and define the leading edge.

KITCHEN & BATH  
POWER  
DECORATIVE PRODUCTS  
HOSPITALITY & REAL ESTATE

4

BUSINESSES

The bath was merely the beginning of a legacy that extends across four diverse business units—Kitchen & Bath, Power, Decorative Products, and Hospitality & Real Estate. Each Kohler business bears the responsibility of upholding our single level of quality.

50

BRANDS

The demand for products varies across cultures and continents. Kohler is able to answer the call with a portfolio of 50 unique brands. These brands uphold the Kohler standard while effectively serving the ever-changing landscape of the worldwide marketplace.

THE BOLD LOOK  
OF KOHLER®

## A RICH HISTORY

Our history is one of invention. A pioneering spirit of ingenuity has defined Kohler Co. from its earliest days when John Michael Kohler launched a global plumbing company with a cast-iron horse trough turned bathtub. A visionary, Kohler understood the importance of innovative design and an uncompromising commitment to craft and quality.

Since 1873 Kohler has evolved to bring the spirit of gracious living to a global market. From kitchen and bath to power, from decorative products to five-star hospitality, our products and services are on display in showrooms, iconic properties and households worldwide.

All the while, we've maintained a commitment to Believing in Better®, creating stronger, healthier communities and more sustainable product solutions in an effort to leave the world a better place for generations to come.

# KOHLER FAMILY OF BUSINESSES

## KITCHEN & BATH

Recognized as a global leader in design and innovation, Kitchen & Bath manufactures fixtures, faucets, cabinetry and accessories for residential, commercial and industrial markets worldwide.

- \* THE DUKE’S ST. ANDREWS

# BELIEVING IN BETTER®

At Kohler, we believe that the path to a better place is a constant endeavor. Every day more than 30,000 Kohler associates worldwide are moving forward with a focus on sustainability and stewardship. Some strides are larger than others. But what’s most important is that steps are being taken in a positive direction. And that’s a really big deal.

We believe that you should join us on our journey. And whatever you believe in doing, no matter how big or small, if it makes our world a better place, it’s a belief that Kohler can get behind.

That’s the spirit of #BelievingInBetter.

## THE PILLARS OF STEWARDSHIP

Every day, Believing in Better is brought to life by Kohler associates worldwide serving as stewards. The scope, spirit and strength of KOHLER® Stewardship is supported by four foundational pillars. The thoughts and actions of over 30,000 are focused in our communities, in our workplace, for the environment and in the arts in an effort to contribute to the greater good and to collectively make our world a better place.

## NET ZERO 2035

We began our official journey toward sustainability in 2008 when we set our goal to reduce our carbon footprint and solid waste by 3% annually, achieving net zero with offsets by 2035. Since 2008, our overall footprint intensity has been reduced by 25% worldwide. We’re learning as we go, and we believe more firmly than ever that integrating business and environmental principles is undeniably better—for our company, our associates, our customers and the environment. We believe, for us, it’s the only way forward.

## CLEAN SANITATION FOR ALL

**REINVENT THE TOILET CHALLENGE**  
Thanks to the Bill & Melinda Gates Foundation’s Reinvent the Toilet Challenge, Kohler and Caltech worked together to transform a shipping container into an off-grid, zero-waste-producing mobile restroom. The shipping container is in a rural community in India, providing the access to proper sanitation that we all deserve.

**CLOSED-LOOP ADVANCED SANITATION SYSTEM**  
In 2015 a global cross-functional team composed of associates in Kohler, Wisconsin, and Pune, India, constructed the first prototype of the Closed-Loop Advanced Sanitation System (CLASS). The stand-alone system takes in waste water, then disinfects and purifies it for reuse. In less than eight months, this project went from concept design to fabrication to end-of-line testing, and five prototypes were ready to ship to test sites. Kohler is partnering with RTI International, an independent research institute, to monitor performance and make modifications as field trials progress.

## KOHLER CLARITY®

Approximately 1.8 billion people are affected by unsafe drinking water worldwide. KOHLER Clarity is designed to help. By filtering out more than 99% of bacteria and protozoa, it provides up to 40 liters (approximately 10.5 gallons) of safe drinking water each day—enough for a small family.

Created with the same high standards of quality and design that we bring to all our products, the filtration system is incredibly simple to use and easy to maintain. Kohler distributes Clarity filters through nonprofit partners around the world that are focused on delivering safe drinking water to those who need it.

# KOHLER WORLDWIDE

Kohler offers a powerful portfolio of brands that lead the way in design, innovation and craftsmanship. But our recognition as a global leader is soundly attributed to our passion for working with partners worldwide to provide the proper products and services for each envisioned space. Guided by a single level of quality, an unequaled sense of aesthetic and an unwavering focus on the end consumer, we are able to bring visions and living environments to life in every corner and culture of the world.

# GLOBAL PROJECTS & SPECIFICATIONS

From initial concept to continued post-project support, our global network combines consummate customer service with a leading-edge collection of products to help clients bring distinct experiences and environments to life.

## GRACIOUS MADE GLOBAL

*Our family of businesses provides breadth without boundaries.*

Regardless of your sense of style, regional trends or budget parameters, the Kohler family of brands maintains a single level of quality across a spectrum of design solutions. From kitchen and bath, to tile, stone and power, our portfolio is beyond compare and continues to exceed our clients’ expectations.

## A WORLDLY APPROACH

*World-renowned design with a worldwide reach.*

With an international design presence, Kohler is able to balance world-class design with acute regional understanding to successfully create culturally relevant experiences that maintain the leading edge.

## AWARDS & INNOVATIONS

*We've led the kitchen and bath industry for over 140 years.*

Recognized for innovation and design excellence, KOHLER® kitchen and bath products have received consumer choice awards as well as celebrated design awards. We’ve designed more than 26,000 products and registered more than 13,000 patents, and we remain committed to bringing beautiful, purposeful design to life.

## SUSTAINABLE SOLUTIONS

*Save water without sacrificing comfort, design or performance.*

Our global team of engineers works tirelessly to develop technologies that improve water-use efficiency. And with each new innovation, we prove that good design doesn’t have to be a decision between saving water and performance. With Kohler, you get both.

# GRACIOUS MADE GLOBAL

*Our family of businesses provides  
breadth without boundaries.*

Bringing inspiring, timeless design  
and a discerning sense of style to  
properties around the world, the  
Kohler family of brands offers a  
spectrum of solutions intended  
to appease virtually any aesthetic  
standard or financial scope.

With an illustrious collection of  
luxury tile, stone and vanity brands,  
the Kohler Decorative Products  
group can complete a distinct  
living environment, while matching  
the standard of quality and design  
set by our fixtures and faucets.

And we even have solutions  
that will go unnoticed by guests,  
such as KOHLER® generators  
that keep the lights on when the  
power goes out.

# A WORLDLY APPROACH

World-renowned design  
with a worldwide reach.

With local design consultants positioned strategically worldwide, Kohler can distribute our world-class design acumen to every region on earth. In every location, our teams are charged with creating culturally relevant experiences while upholding the signature, single level of Kohler quality. Our regional immersion allows our talented teams to gain valuable insight into the trends, priorities and perspective of a particular region. This insight is then artfully refined through our prism of values and design processes to solve problems and create experiences that connect locally while defining the leading edge globally.

“ WE PUSH TO LIVE ON THE LEADING EDGE. IT’S A LESS SECURE ENVIRONMENT WITH A GREATER RISK OF FAILURE, BUT IT ALSO ENABLES US TO SET TRENDS WITH INNOVATION AND BOLD DESIGN STATEMENTS.”

– Herbert V. Kohler, Jr.

# AWARDS & INNOVATIONS

We've led the kitchen and bath industry for over 140 years.

Technology, design and market research combine to form the foundation that keeps Kohler on the leading edge of design and innovation.

Our design process always focuses on gaining insight into the real needs of consumers while looking at changes in the environment, society and economy that shape our future.

Our industrial designers continue to pioneer work with new materials and technologies that consistently results in forward-thinking kitchen and bath design that is first to market.

## DTV+™ DIGITAL SHOWERING SYSTEM

Kohler brings water, sound, steam and light together for our most advanced showering system. It is a digital thermostatic valve system that controls four elements to give you a true multi-sensory showering experience that is completely customizable to your needs and is controlled by the touch-screen interface.

## VEIL® INTELLIGENT TOILET

The Veil Intelligent toilet has sophisticated style, ease of cleanliness and bidet technology. With its clean, refined design lines and concealed tank, the Veil Intelligent toilet offers smart toilet functionality with a modern look. Its automatic opening/closing lid and flushing minimizes touch points and the spreading of germs in the bathroom.

## REAL RAIN™ OVERHEAD PANEL

Real Rain is a showering experience inspired by the feel of rain drops—drops that differ in size and speed and that fall in no particular pattern. Designed with a reservoir that relies on gravity to shape individual drops, Real Rain replicates the sound, speed and sensation of a warm summer rain.

# SUSTAINABLE SOLUTIONS

Save water without sacrificing comfort, design or performance.

One of the world’s most precious natural resources, water is essential to life and must be conserved. That’s why Kohler is a strong supporter and advocate of driving awareness of water issues, addressing environmental challenges and developing environmentally favorable initiatives.

When you choose KOHLER® products with the WaterSense® label, you’ve joined our mission: to consume only what’s necessary without sacrificing comfort, design or performance. It’s a decision that promises to reduce costs and water usage, while helping to conserve one of earth’s most precious resources.

# GLOBAL PRODUCTS

The breadth, design and quality of KOHLER® products know no barriers or boundaries. With a presence in inspiring spaces around the world, our products are chosen to contribute to gracious experiences and timeless environments in every culture, on nearly every continent. Regardless of style, trend, culture or concept, Kohler designs an answer for every aesthetic, budget and experiential demand.

## GLOBAL FAUCET RANGES

*A wide range of faucets  
with worldwide appeal*

From classic to contemporary modern to elegant, Kohler presents a diverse collection of faucets, created to uphold our signature, single level of quality while fulfilling an intended design purpose regardless of the style or needs of a particular space.

## FORWARD- THINKING FIXTURES

*Clean in both  
form and function*

Clean design connects with clear ingenuity to create a collection of modern bathroom experiences that are as captivating as they are comfortable and accommodating.

## SHOWERING SOLUTIONS

*Revitalize the routine*

KOHLER showering solutions have the ability to evolve a routine exercise into an inspiring, revitalizing experience. Through thoughtful consideration of form, function and feeling, Kohler harnesses the natural restorative power of water to delight the mind, body and soul by creating a spa retreat.

**BEITOU™**

*The nature of tranquility*

The Beitou faucet collection from Kohler strikes a balance between architectural forms and the stunning displays of nature. The result is a peaceful interplay of invention and appeal that speaks to quiet moments of sanctuary.

The effortless flow of the design mimics the natural cascade of the water over the length of the spout and into the sink. Seen in this light, the faucet becomes a stage for water delivery whose shape and sound resemble a serene river.

# SHOWERING SOLUTIONS

A spa-like retreat  
is well within reach

Whether you're refreshing an existing bathroom space or creating an entirely new environment, a signature KOHLER® shower experience exceeds expectations and redefines what a shower can be. From digital showering systems and innovative spray experiences to the easily attainable luxury of HydroRail® shower columns and Awaken™ showerheads and handshowers, our global specialists can guide you anywhere from a simple shower enhancement to a stunning spa-like retreat.

## AWAKEN™

Awaken showerheads and handshowers are powered by an advanced spray engine, delivering the signature experience that sets KOHLER showering apart-at a great price. As beautiful as they are powerful, Awaken showerheads come in two distinct design options, each inspired by patterns, symmetries and rhythms found in nature.

### HYDRORAIL®

Simple solution.  
Big impact.  
Affordable update.

HydroRail shower columns turn your shower into a spa-like retreat without having to go behind the wall to reroute plumbing or change out the valve. The column mounts to existing plumbing, so you simply have to remove the old showerarm and replace it with the HydroRail shower column. There are four shower column designs from which to choose. Complete your shower transformation by purchasing a KOHLER® shower hose, handshower, showerhead or rainhead for a signature KOHLER experience.

*Rainhead, handshower and hose are sold separately. Other HydroRail columns and configurations are available; contact your local KOHLER sales executive for more information.*

# GLOBAL PROJECT REFERENCES

From the San Francisco Bay Area to the Scottish shore, Midtown Manhattan to Ho Chi Minh City-luxury hotels around the world have counted on Kohler to help welcome global travelers with luxurious environments, gracious hospitality and elevated experiences. Regardless of the destination, desired decor or design inspiration, Kohler continues to exceed the demands of the most discerning hoteliers worldwide.

## AXIOM HOTEL

*San Francisco, USA*

Infusing classic architecture with electric modern design, Axiom Hotel is known as the “Center of Next.” Located at the foot of the Powell cable car turnaround in San Francisco’s historic Union Square, this forward-thinking boutique hotel is also the home of the simplicity of KOHLER® design.

## HOTEL DES ARTS SAIGON

*Ho Chi Minh City, Vietnam*

Like a journey to the bygone elegance of French Colonial Vietnam, this 5-star boutique hotel is a work of art. Outside, curvy, feminine lines invite you in to experience the collection of masterpieces inside-from paintings and antiques, to KOHLER fixtures and faucets.

## ST. REGIS HOTEL

*Dubai, United Arab Emirates*

It’s known as “The New World Address.” With a statement that bold, the beauty of Kohler befits the bespoke, Beaux-Arts-inspired grandeur of the latest addition to the St. Regis legacy.

## THE LOWELL

*New York, USA*

Reminiscent of a private townhouse, The Lowell is located on a quiet, tree-lined street off Madison Avenue in the heart of New York’s exclusive and fashionable Upper East Side. The subtle, sophisticated style of Kohler feels right at home within the serene residential atmosphere of this refined, landmark retreat.

AXIOM  
HOTEL

San Francisco, USA

Yesterday meets tomorrow at the nexus of San Francisco's historic Union Square and the innovative SoMa district. Step inside the Axiom Hotel and you'll see that spirit flow through timeless KOHLER® design. Bellwether® shower bases, Ladena® sinks and Purist® faucets were all specifically and perfectly appointed to bridge the past to the future.

HOTEL DES  
ARTS SAIGON

Ho Chi Minh City, Vietnam

More than a destination, The Hotel des Arts Saigon is a work of art. And Kohler is a part of the gallery with a collection of well-appointed fixtures and faucets on display. Purist® and Revival® faucets, Cleo™ and Sapphire baths, Memoirs® toilets and Forefront sinks have been artfully integrated into this luxury destination to create an experience that's nothing short of a masterpiece.

**ST. REGIS  
HOTEL**

*Dubai, United Arab Emirates*

St. Regis entrusted Kohler to help bring their Beaux-Arts-inspired legacy to life in Dubai. From the Caxton® sinks to the brushed-nickel finishes of Traditional Round rainheads, Revival® sink faucets and Artifacts® handshowers, our designs seamlessly connect with the bespoke elements of the interior to make the vision a reality in Dubai's first ever integrated urban resort.

THE  
LOWELL

New York, USA

The Lowell welcomes guests with the subdued, yet distinct sophistication of New York's Upper East Side. Kohler brings that feeling home with the 1930s-inspired vintage grandeur. Designed by Michael S Smith, the For Town® faucet, cast-iron bath and crisp, tailored console table feature classic details, elegant modern forms and a simple romance, creating a feeling of exclusive character and timeless hospitality.

# GLOBAL PROJECTS & SPECIFICATIONS SERVICES

The breadth of KOHLER® products is unrivaled. Our range of existing solutions is one of the broadest in the world. But when it comes to a new project, our renowned collection of products is only one part of the experience.

The Kohler Global Projects & Specifications network is designed and determined to work closely with partners throughout the process. From initial planning to product selection to post-installation support, our passionate, knowledgeable personnel provide valuable consultation throughout the journey to help our partners bring projects to life.

## MODIFICATION PROCESS

*When accommodation meets imagination*

The breadth of KOHLER® products is nearly unmatched in the world. But when it comes to a new project, we encourage our global partners to think outside of the box—and outside of our catalog of products. If our partners have a vision for something that doesn’t come standard, we work together to make it a reality. That’s the spirit and promise of our global project partnership.

## WARRANTY

*Peace of mind with every purchase*

While Kohler warranties vary by region, the Kohler promise remains simple and steadfast. As our partner, you can rest assured that our products are firmly supported by Kohler’s unwavering commitment to service and quality. Each product warranty is fortified by our longstanding legacy of performance and upheld by our worldwide network of dedicated associates. For specific product warranty information in your region, please contact your local Kohler representative.

## FINISHES

*A selection of 13 rich colors offered globally*

The rich selection of colors and textures provide a deep offering of fully coordinated bathroom elements. The result is a designer’s dream: an extraordinary range of colors that can transform tapware into bathroom stars.

Every one of our finishes exceeds the industry durability standards two times over. Adding a nickel undercoating enhances the strength and color integrity and gives KOHLER faucets a rich luster that resists scratching, tarnishing and corrosion.

FINISHES

A selection of 13 rich colors offered globally

Vibrant® finishes are produced using state-of-the-art Physical Vapor Deposition (PVD) technology to achieve these elegant finishes. Fundamentally PVD is a vaporizing coating technique involving the transfer of material at an atomic level.

During this process, vaporized chemicals condense on the substrate, forming a thin film that results in a color finish.

ADVANTAGES AT A GLANCE

- \* Enhanced resistance against corrosion and scratches
- \* Lustrous and durable surface for lasting beauty
- \* Wide variety of colors and materials to accommodate a multitude of styles
